## Villa Corallium

**Villa Corallium** is an exclusive and luxury 19th-century maison with delightful gardens and an amazing pool. This villa is loaded with valuable antiques and art collected on the owner, Coronato's travels. Eight unique rooms and suites, each one inspired by a key antique (such as the ornate 17th-century Venetian bookcase frame that leads into the bathroom in the Venetian room) are the ultimate escape for the newly betrothed, and the two-to-one staff-to-guest ratio guarantees a pampered experience. Each room is appointed with fireplaces, museumworthy paintings, and Murano chandeliers, and half have flower-lined terraces. Huge bathrooms are works of art themselves; one has a Turkish bath, two have plunge pools, and yet another features double showers and whirlpool baths. The decadent two-bedroom Garden Suite includes a freestanding tub cut from a single block of stone. There are also hot and cold Kneipp streams in the garden for leg rejuvenation.
